-going for your sisters since 1997-

4 a.m. illusion
FHR028/HTR018

The Band:

Known for their unexpected and unsystematic behaviour on stage Anal Thunder's been confusing the audience over a decade. Many try to hate them but unfortunately the songs are just too good.

Music is rock 'n roll with more melodies, hooks, stupidity and nudity you can take. And it's always been about having a six pack and a laugh with friends. Anal Thunder now has six members when Milka joined the band. That means more female vocals and violins in the future.

With a name like this you get nothing for free. Anal Thunder has used to do everything by themselves. That's why everything they do stands out. Oh yes, they're fucking brilliant! Believe me. I know 'cause I'm in the band.

Shows:

Anal Thunder's played 'bout 250 shows and toured in Finland, England, Spain, Poland, Germany, Lithuania, Latvia, Estonia and Czech Republic. Future plans include more songs, more shows and more fucking shit up.
